Re: Less-Than-Fair-Value Investigation of Float Glass Products from Malaysia: Request for Information

Dear Sir or Madam:

On December 31, 2024, the U.S. Department of Commerce (Commerce) initiated an antidumping duty investigation to determine whether float glass products from Malaysia are being sold in the United States at less than fair value.¹ In connection with this investigation, Commerce requests that the company provide the information that is requested in Attachment I to this letter regarding the quantity and U.S. dollar sales value of all the company's sales to the United States during the period of investigation (October 1, 2023, through September 30, 2024) of the products covered by the scope of the investigation that were produced in Malaysia. The scope of the investigation is in Attachment II to this letter. General instructions for responding to the attached quantity and value questionnaire are in Attachment III to this letter.

Your receipt of this letter does not indicate that the company will be chosen as a mandatory respondent in this investigation because Commerce may find that it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act). The company's response to the quantity and value questionnaire may be subject to on-site verification by Commerce officials.

The company's response to this quantity and value questionnaire is due to Commerce **no later than 5:00 p.m. Eastern Time (ET) on January 23, 2025. Due to time constraints, Commerce will be limited in its ability to extend the deadline for the response to the attached quantity and value questionnaire.** Any requests for an extension of the deadline to respond to the quantity and value questionnaire must be in writing and must be filed in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) prior to the deadline.

Note well:

Parties should be aware that **the likelihood of Commerce granting an extension will decrease the closer the extension request is filed to the applicable time limit**

¹ See *Float Glass Products from the People's Republic of China and Malaysia: Initiation of Less-Than-Fair-Value Investigations*, 90 FR 1435 (January 8, 2025) (*Initiation Notice*).

because Commerce must have time to consider the extension request and decide on its disposition. Parties should not assume that they will receive an extension of a time limit if they have not received a response from Commerce to their request for an extension. For submissions that are due at 5:00 p.m., **if Commerce is not able to notify the party requesting the extension of the disposition of the request by 5:00 p.m., then the submission is due by the opening of business (8:30 a.m.) on the next business day.** See 19 CFR 351.103(b).² **If a party requests an extension because of ACCESS/technical filing difficulties to which it did not receive a response from Commerce by 5:00 p.m., and the filing difficulties persist past 8:30 a.m. on the next business day, the party should contact the case analyst.**

All submissions to Commerce must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other representative, a Certificate of Accuracy from counsel or the representative. Additionally, all submissions to Commerce must be served on the appropriate interested parties. Note that Commerce has amended certain requirements pertaining to the service of documents in 19 CFR 351.303(f). Lists of interested parties are regularly updated and maintained as record documents in ACCESS at <https://access.trade.gov>. Certificates of Service and Certificates of Accuracy are in Attachment IV to this letter. As noted above, general instructions for responding to the attached quantity and value questionnaire are in Attachment III to this letter.

In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating dumping margins), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses and will not collapse companies for purposes of selecting respondents at the respondent selection phase of this investigation. Therefore, please do not report aggregate quantity and value data for all the companies that you believe should be treated as a single entity. Rather, companies’ quantity and value data should be separately reported. Quantity and value data pertaining to other, possibly affiliated, companies should be reported separately by those companies.

In the unlikely event that the company receives the quantity and value questionnaire after the deadline to respond to it, the company **MUST** contact the Commerce official identified in the questionnaire within 5 days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the required information. Failure to do so may result in the presumption that the company failed to cooperate by not acting to the best of its ability to comply with the request for information, and Commerce applying facts available pursuant to section 776(a) of the Act, which may include the use inferences that are adverse to the company’s interests in selecting from among the facts otherwise available in accordance with section 776(b) of the Act.

² *Id.* (emphasis added).

If Commerce does not receive either the requested quantity and value information or a written extension request before 5 p.m. ET on the established deadline, it may conclude that the company has decided not to cooperate in this proceeding by not acting to the best of its ability to comply with the request for information, and Commerce may apply facts available to the company and use an inference that is adverse to the company's interests in selecting from among the facts otherwise available, in accordance with section 776(b) of the Act. Commerce will not accept any requested information submitted after the deadline. As required by 19 CFR 351.302(d),³ Commerce will reject such submissions as untimely.

If a filing party experiences issues with an ACCESS filing, it should contact the ACCESS Help Desk by telephone to troubleshoot the filing issues (*see* the contact information below). When experiencing filing issues on the day a submission is due, the filing party should also contact the case analyst, if known, otherwise the official in charge, informing them of the filing difficulties. The submission which the party is having difficulties filing on ACCESS should not be emailed to the case analyst or the official in charge.

QUANTITY AND VALUE QUESTIONNAIRE

REQUESTER(S): Respondent

CASE: Float Glass Products from Malaysia

PERIOD OF INVESTIGATION: October 1, 2023, to September 30, 2024

DATE OF INITIATION: December 31, 2024

DUE DATE FOR Q&V RESPONSE: January 23, 2025

OFFICIALS IN CHARGE: Jeffrey Pedersen

ATTACHMENT I

FORMAT FOR REPORTING QUANTITY AND VALUE OF SALES

In providing the information in the table below, please provide the total quantity in square meters and total value (in U.S. dollars) of all the company's sales to the United States during the period October 1, 2023, through September 30, 2024, of merchandise covered by the scope of this investigation (*see* Attachment II), produced in Malaysia.⁴

Please include only sales of subject merchandise exported by the company directly to the United States. However, if the company sold the merchandise under consideration to third countries and has knowledge that the merchandise was ultimately destined for the United States, please separately identify these sales quantities and the location (*i.e.*, countries) to which the company made the sales.

Even if the company believes that it should be treated as a single entity along with other exporters, please do not report aggregate data for all the companies that you believe should be treated as a single entity but separately report the company's quantity and value data below. Quantity and value data pertaining to other, possibly affiliated companies, that you believe should be treated together with the company as a single entity should be separately reported by those companies.

Market: United States	Total Quantity In Square Meters	Terms of Sale⁵	Total Value⁶ (U.S. Dollars)
1. Export Price ⁷			
2. Constructed Export Price ⁸			
3. Further Manufactured ⁹			
Total			

⁴ Please use the invoice date when determining which sales to include within the period noted above. Generally, Commerce uses invoice date as the date of sale, as that is when the essential terms of sale are set. If you believe that another date besides the invoice date would provide a more accurate representation of the company's sales during the designated period, please report sales based on that date and provide a full explanation.

⁵ To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

⁶ Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.

⁷ Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States.

⁸ Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to the unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation. Do not report the sale to the affiliated party in the United States, rather report the sale made by the affiliated party to the unaffiliated customer in the United States. If you have sales of further manufactured merchandise, please report them under Item 3, rather than under Item 2.

⁹ "Further manufactured" refers to merchandise that undergoes further manufacture or assembly in the United States before sale to the first unaffiliated customer.

DESCRIPTION OF PRODUCTS UNDER INVESTIGATION

The scope of this investigation covers float glass products (FGP), which are articles of soda-lime-silica glass that are manufactured by floating a continuous strip of molten glass over a smooth bath of tin (or another liquid metal with a density greater than molten glass), cooling the glass in an annealinglehr, and cutting it to appropriate dimensions. For purposes of the investigation, float glass products have an actual thickness of at least 2.0 mm (0.0787 inches) and an actual surface area of at least 0.37 square meters (4.0 square feet).

The country of origin of each float glass product is determined by the location where the soda-lime-silica glass is first manufactured by floating a continuous strip of molten glass over a smooth bath of tin and cooling the glass in an annealinglehr, regardless of the location of any downstream finishing or fabrication operations.

Prior to being subjected to further treatment, finishing, or fabrication, float glass products meet the requirements of Type I under ASTM-C1036 of the American Society for Testing and Materials (ASTM).

Float glass products may be clear, stained, tinted, or coated with one or more materials. Examples of coated float glass products include Low-E architectural glass (*i.e.*, glass with a low emissivity coating to limit the penetration of radiant heat energy) and frameless mirrors (*i.e.*, flat glass with a silver, aluminum, or other reflective layer) such as mirror stock sheet.

Float glass products may be annealed, chemically strengthened, heat strengthened, or tempered to achieve a desired surface compression, pursuant to ASTM-C1048, ASTM-C1422/C1422M, or other similar specifications.

Float glass products include tub and shower enclosures (*i.e.*, doors and panels) made of tempered glass, which may be sold with attached or unattached hardware. In such cases, the scope covers only the tempered glass, to the exclusion of any non-glass hardware.

The only float glass product assemblies included within the scope are: (1) articles consisting of two or more sheets of float glass that are bonded together using a polymer interlayer (*i.e.*, laminated glass); (2) insulating glass units (IGUs), which consist of two or more sheets of float glass separated by a spacer material and hermetically sealed together at the edge in order to create a thermal barrier using air or one or more gases; and (3) LED mirrors (*i.e.*, float glass mirrors with one or more light-emitting diodes integrated with the mirror, as well as framed float glass mirrors with one or more light-emitting diodes integrated with the mirror or the mirror frame, but without other electronic functionality).

Float glass products covered by the scope may meet one or more of the ASTM-C162, ASTM-C1036, ASTM-C1048, ASTM-C1172, ASTM-C1349, ASTM-C1376, ASTM-C1422/C1422M, ASTM-C1464, ASTM-C1503, ASTM-C1651, ASTM-E1300, and ASTM-E2190 specifications, definitions, and/or standards.

Float glass products may be further worked, including, but not limited to, operations such as: cutting; beveling; edging; notching; drilling; etching; bending; curving; chipping; embossing; engraving; surface grinding; or polishing; and sandblasting (*i.e.*, using high velocity air to stream abrasive particles and thereby impart a frosted aesthetic to the glass surface). A float glass product which undergoes further work remains within the scope so long as the soda-lime-silica glass originally satisfied the requirements of ASTM-C1036 Type I and was first manufactured in a subject country, regardless of where it is further worked.

Excluded from the scope are: (1) wired glass (*i.e.*, glass with a layer of wire mesh embedded within); (2) patterned flat glass (*i.e.*, rolled glass with a pattern impressed on one or both sides) meeting the requirements of Type II under ASTM-C1036, including greenhouse glass and patterned solar glass (*i.e.*, photovoltaic glass with a textured surface); (3) safety glazing materials for vehicles certified to American National Standards Institute (ANSI) Standard Z26.1; (4) vacuum insulating glass (VIG) units, which consist of two or more sheets of float glass separated by a spacer material, with at least one hermetically sealed compartment that uses a gas-free vacuum as a thermal barrier; (5) framed mirrors without any LEDs integrated with the mirror or the mirror frame; (6) unframed “over-the-door” mirrors that are ready for use as imported without undergoing after importation any processing, finishing, or fabrication; and (7) heat-strengthened washing machine lid glass with an actual surface area less than 6.0 square feet (0.56 square meters).

Also excluded from the scope of the investigation are: (1) soda-lime-silica glass containing less than 0.01 percent iron oxide by weight, annealed with a surface compression less than 3,500 pounds per square inch (PSI), having a transparent conductive oxide base coating (*e.g.*, tin oxide), and with an actual thickness less than or equal to 4.0 mm (0.1575 inches) (*i.e.*, “coated solar glass”); and (2) heat treated soda-lime-silica glass with a surface compression between 3,500 and 10,000 PSI, containing two or more drilled holes, and having an actual thickness less than 2.5 mm (0.0984 inches) (*i.e.*, “clear back solar glass”). Solar glass products (also known as photovoltaic glass) are designed to facilitate the conversion of solar energy into electricity.

Also excluded from the scope of the investigation are any products already covered by the scope of any extant antidumping and/or countervailing duty orders, including *Aluminum Extrusions from the People’s Republic of China: Antidumping Duty Order*, 76 FR 30650 (May 26, 2011), and *Aluminum Extrusions from the People’s Republic of China: Countervailing Duty Order*, 76 FR 30653 (May 26, 2011).

The products subject to the investigation are currently classifiable under subheadings 7005.10.8000, 7005.21.1010, 7005.21.1030, 7005.21.2000, 7005.29.1810, 7005.29.1850, 7005.29.2500, 7007.29.0000, 7008.00.0000, 7009.91.5010, 7009.91.5095, and 7009.92.5010 of the Harmonized Tariff Schedule of the United States (HTSUS). Products subject to the investigations may also enter under HTSUS subheadings 7006.00.4010, 7006.00.4050, and 7007.19.0000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the investigation is dispositive.

GENERAL INSTRUCTIONS

Instructions for Filing the Response

The following instructions apply to all documents you submit to Commerce during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using Commerce's ACCESS website at <http://access.trade.gov> , unless an exception applies. To determine if your response qualifies for manual filing, see the section on "Manual Filing" below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.
2. The **business proprietary** response should be submitted on the day specified on the cover page of this questionnaire. The **public version** of the response may be filed one business day after the proprietary response.
3. An electronically filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5 p.m. ET on the due date, unless an earlier time is specified.
4. Please note that all requests must be filed electronically using the U.S. Department of Commerce (Commerce),s electronic filing system, ACCESS.
5. In order to file via Commerce's ACCESS filing system, you will need to create an account on the ACCESS portal. To do this, go to <https://access.trade.gov> and click on "E-Filer Registration" to register for an account. Step by step instructions can be found in the user guide, here https://access.trade.gov/help/ACCESS_User_Guide.pdf. After it is approved, you can log into ACCESS and click on "Manage Entry of Appearance," and on the next screen, click on "Create New Entry of Appearance." Further instructions on filling out the entry of appearance are here, if you need them https://access.trade.gov/help/Rel_4_External_User_Guide.pdf.
6. If you have further questions, please contact the ACCESS help desk at access@trade.gov or (202) 482-3150.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:

- a. on the first line, indicate the case number stated on the cover page to this questionnaire;
 - b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;
 - c. on the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, *etc.*) and, if applicable, indicate the complete period of review (MM/DD/YY - MM/DD/YY);
 - d. on the fourth line, indicate Commerce office conducting the proceeding;
 - e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business proprietary/public status of the document and whether you agree or object to release of the submitted information under **administrative protective order** (APO) by stating one of the following:
 - “Business Proprietary Document -- May Be Released Under APO,”
 - “Business Proprietary Document -- May Not Be Released Under APO,”
 - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
 - “Public Version,” or
 - “Public Document.”
2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, *e.g.*, “response to questionnaire,” “case brief.”
 3. Prepare your response in typed form and in English (*see* 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.
 4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (*e.g.*, changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and CVD proceedings).

C. Manual Filing

1. All submissions must be filed electronically. Only under the following four circumstances will Commerce accept a hardcopy response that is manually filed:

- Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
 - Data files greater than 50 MB may be filed in an alternative manner after consulting https://access.trade.gov/help/Super_Bulky_Document_Submissions.pdf and contacting the ACCESS Help Desk at 202-482-3150.
 - If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. Commerce will provide notice of such technical failures on the ACCESS Help Desk line at 202-482-3150 and on the Enforcement and Compliance website, which is <https://www.trade.gov/us-antidumping-and-countervailing-duties>.
 - Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c) of Commerce’s regulations, and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. Commerce will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.
2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.
 3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.
 4. Manual submissions must be addressed and submitted to:
Secretary of Commerce
Attention: Enforcement and Compliance, AD/CVD Operations Office (*specify office number indicated on the cover page of this questionnaire*)
APO/Dockets Unit, Room 18022
U.S. Department of Commerce
Fourteenth Street and Constitution Avenue, N.W.
Washington, D.C. 20230

D. Certification

1. Submit the required **certification of accuracy**. Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. Commerce cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as appendices to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.
2. Provide the required **certificate of service** (included as an appendix) with each business proprietary document and public version submitted to Commerce.
3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of Commerce's regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.
2. Utilize the "one-day lag rule" under section 351.303(c)(2) of Commerce's regulations if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (section 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (section 351.303(c)(2)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.
3. By the close of business one business day after the date the business proprietary document is filed (refer to the "one-day lag rule" in the preceding paragraph), submit the public version of your response (section 351.303(c)(2)(iii)). A public version must contain:

- a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
- b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

***Note:** The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.*

Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (e.g., legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:
 - a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
 - b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your questionnaire response whether you agree or object to release of the submitted information under APO (e.g., May Be Released Under APO or May Not Be Released Under APO). (See section 351.304 of Commerce's regulations for specific instructions.¹⁰)

¹⁰ If the company does not agree to release under APO all or part of the proprietary information, but Commerce determines that the information should be released, the company will have the opportunity to withdraw the

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.¹¹
6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are regularly updated and maintained as record documents in ACCESS at <https://access.trade.gov> .) If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version - May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.
7. A chart summarizing AD/CVD filing requirements can be found at <https://access.trade.gov/Resources/filing/index.html>. ACCESS filing instructions are https://access.trade.gov/help/Handbook_on_Electronic_Filing_Procedures.pdf. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at https://access.trade.gov/Resources/Administrative_Protective_Order.aspx .

information (*see* 19 CFR 351.304(d)). However, any information which the company withdraws will be taken out of the official record and will not be used in Commerce’s determination.

¹¹ Commerce will not disclose proprietary customer names under APO during an antidumping or countervailing duty investigation until either an order is published, or the investigation is suspended. To ensure that proprietary customer names are properly treated in this investigation, place double brackets (“[[]]”) around all proprietary customer names in the company’s submissions to Commerce during the course of this investigation.

CERTIFICATIONS OF FACTUAL ACCURACY AND CERTIFICATE OF SERVICE

CERTIFICATIONS OF FACTUAL ACCURACY

§ 351.303 Filing, document identification, format, translation, service, and certification of documents.

* * * * *

(g) *Certifications.* Each submission containing factual information must include the following certification from the person identified in paragraph (g)(1) of this section and, in addition, if the person has legal counsel or another representative, the certification in paragraph (g)(2) of this section. The certifying party must maintain the original signed certification for a period of five years from the date of filing the submission to which the certification pertains. The original signed certification must be available for inspection by U.S. Department of Commerce officials. Copies of the certifications must be included in the submission filed at Commerce.

(1) For the person(s) officially responsible for presentation of the factual information:

(i) COMPANY CERTIFICATION:*

I, **(PRINTED NAME AND TITLE)**, currently employed by **(COMPANY NAME)**, certify that I prepared or otherwise supervised the preparation of the attached submission of **(IDENTIFY THE SPECIFIC SUBMISSION BY TITLE) due on (DATE) OR filed on (DATE)** pursuant to the **(INSERT ONE OF THE FOLLOWING OPTIONS IN {}: {THE (ANTIDUMPING OR COUNTERVAILING) DUTY INVESTIGATION OF (PRODUCT) FROM (COUNTRY) (CASE NUMBER)} or {THE (DATES OF PERIOD OF REVIEW) (ADMINISTRATIVE OR NEW SHIPPER) REVIEW UNDER THE (ANTIDUMPING OR COUNTERVAILING) DUTY ORDER ON (PRODUCT) FROM (COUNTRY) (CASE NUMBER)} or {THE (SUNSET REVIEW OR CHANGED CIRCUMSTANCE REVIEW OR SCOPE RULING OR CIRCUMVENTION INQUIRY) OF THE (ANTIDUMPING OR COUNTERVAILING) DUTY ORDER ON (PRODUCT) FROM (COUNTRY) (CASE NUMBER)})**. I certify that the public information and any business proprietary information of **(CERTIFIER'S COMPANY NAME)** contained in this submission is accurate and complete to the best of my knowledge. I am aware that the information contained in this submission may be subject to verification or corroboration (as appropriate) by the U.S. Department of Commerce. I am also aware that U.S. law (including, but not limited to, 18 U.S.C. 1001) imposes criminal sanctions on individuals who knowingly and willfully make material false statements to the U.S. Government. In addition, I am aware that, even if this submission may be withdrawn from the record of the AD/CVD proceeding, the U.S. Department of Commerce may preserve this submission, including a business proprietary submission, for purposes of determining the accuracy of this certification. I certify that a copy of this signed certification will be filed with this submission to the U.S. Department of Commerce.
