Re: Countervailing Duty Investigation of Certain Low Speed Personal Transportation Vehicles from the People's Republic of China: Request for Information

Dear Sir or Madam:

On July 10, 2024, the U.S. Department of Commerce (Commerce) initiated a countervailing duty investigation to determine whether certain low speed personal transportation vehicles from the People's Republic of China (China) imported into the United States have benefitted from countervailable subsidies.

In advance of the issuance of the countervailing duty questionnaire, Commerce asks that you respond to the questions in Attachment I to this letter, requesting information on the quantity and U.S. dollar sales value of all your sales to the United States during the period January 1, 2023, through December 31, 2023, covered by the scope of this investigation, produced in China. The scope of the investigation is included in Attachment II to this letter, and general instructions for responding to this letter are contained in Attachment III. **Please be advised that receipt of this letter does not indicate that you will be chosen as a mandatory respondent because Commerce may find it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act). Also, please be advised that receipt of this letter does not guarantee separate rate status. Your response to this letter may be subject to on-site verification by Commerce officials.**

Please note that you may be receiving two similar letters: one for a countervailing duty investigation and one for an antidumping duty investigation. These letters request the same information but for different time periods. In addition, they must be filed under different case numbers in Commerce's online filing system. You must separately reply to each letter.

Your response to this quantity and value questionnaire is due to Commerce no later than **5:00 p.m. Eastern Time (ET) on August 12, 2024**. *Due to time constraints in this investigation, Commerce will be limited in its ability to extend the deadline for the response to the attached Quantity and Value Questionnaire.* All submissions to Commerce must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other firm, a Certificate of Accuracy from the representative. Additionally, all submissions to Commerce must be served on the appropriate interested parties. A list of interested parties are regularly updated and maintained as record documents in ACCESS at <https://access.trade.gov>. Certificates of service and accuracy are in Attachment IV. General instructions for responding to this Quantity and Value Questionnaire are contained in Attachment III.

Please note: Parties should be aware that **the likelihood of Commerce granting an extension will decrease the closer the extension request is filed to the applicable time limit** because Commerce must have time to consider the extension request and decide on its disposition. Parties should not assume that they will receive an extension of a time limit if they have not received a response from Commerce. For submissions that are due at 5:00 p.m. ET, **if Commerce is not able to notify the party requesting the extension of the disposition of the request by 5:00 p.m. ET, then the submission would be due by the opening of business (8:30 a.m. ET) on the next business day. See 19 CFR 351.103(b). If a party requests an extension because of ACCESS/technical filing difficulties to which it did not receive a response from Commerce by 5:00 p.m. ET, and the filing difficulties persist past 8:30 a.m. ET on the next business day, the party should contact the case analyst.**

If a party is experiencing issues with an ACCESS filing, the party should contact the ACCESS Help Desk by telephone to troubleshoot the filing issues. When experiencing filing issues on the day a submission is due, the filing party should also contact the case analyst if known, otherwise the official in charge, informing them of the filing difficulties. The submission for which a party is having difficulties filing on ACCESS should not be emailed to the case analyst or the official in charge.

In the unlikely event that you have received this questionnaire after the deadline to respond, you must contact the Commerce official identified in the questionnaire within five days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the required information. Failure to do so may result in the presumption that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

If you fail to respond or fail to provide the requested quantity and value information, please be aware that Commerce may find that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act.

In general, Commerce has found that determinations concerning whether particular companies should be cross-owned (*i.e.*, treated as a single entity for purposes of calculating subsidy rates), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will make a cross-ownership determination at the respondent selection phase of this investigation for purposes of respondent selection; please report volume and value data separately. Data pertaining to other, possibly affiliated, companies should be reported separately by those companies.

Should you have any questions about this matter, please contact Dan Alexander at Daniel.Alexander@trade.gov

Sincerely,

FORMAT FOR REPORTING QUANTITY AND VALUE OF SALES

In providing the information in the chart below, please provide the total quantity in kilograms and total value (in U.S. dollars) of all your sales to the United States during the period January 1, 2023, through December 31, 2024 of merchandise covered by the scope of this investigation (*see* Attachment II), produced in the People's Republic of China.¹

Please include only sales exported by your company directly to the United States. However, if your company made sales to third countries for which you have knowledge that the merchandise was ultimately destined for the United States, please separately identify these sales quantities and the location (*i.e.*, countries) to which you made the sales.

Please do not report aggregate data for all of the companies that you believe should be treated as an affiliated, cross-owned company, but separately report your company's quantity and value data below. Quantity and value data pertaining to other, possibly affiliated companies, that you believe should be treated together with your company as a cross-owned company should be separately reported by those companies. In other words, for every company that you are reporting exports for, please submit a separate chart with the individual quantity and value information.

Market: United States	Total Quantity (kilograms)	Terms of Sale²	Total Value³ (U.S. Dollars)
1. Sales of Subject Merchandise to the United States			
2. Sales to Third Countries Destined to the United States			
Total			

¹ Please use the invoice date when determining which sales to include within the period noted above. Generally, Commerce uses invoice date as the date of sale, as that is when the essential terms of sale are set. If you believe that another date besides the invoice date would provide a more accurate representation of your company's sales during the designated period, please report sales based on that date and provide a full explanation.

² To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

³ Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.

ATTACHMENT II

DESCRIPTION OF PRODUCTS UNDER INVESTIGATION

The merchandise covered by this investigation consists of certain low speed personal transportation vehicles (LSPTV) and subassemblies thereof, whether finished or unfinished and whether assembled or unassembled, with or without tires, wheels, seats, steering columns and steering wheels, canopies, roofs, or batteries. LSPTVs meeting this description are generally open-air vehicles with a minimum of four wheels, a steering wheel, a traditional side-by-side or in-line row seating arrangement (i.e., non-straddle), foot operated accelerator and brake pedals, and a gross vehicle weight of no greater than 5,500 pounds. The main power source for subject LSPTVs is either an electric motor and battery (including but not limited to lithium-ion batteries, lithium phosphate batteries, lead acid batteries, and absorbed glass mat batteries) or a gaspowered internal combustion engine. Subject LSPTVs may be described as golf carts, golf cars, low speed vehicles, personal transportation vehicles, or light utility vehicles.

LSPTVs subject to this investigation typically have a maximum top nameplate speed of no greater than 25 miles per hour as required by federal, state, and local laws and regulations. Subject LSPTVs with a maximum top nameplate speed greater than 20 miles per hour normally must comply with the U.S. Department of Transportation's Federal Motor Vehicle Safety Standards for Low-Speed Vehicles set forth in 49 CFR 571.500. LSPTVs that otherwise meet the physical description of this scope but are not certified under 49 CFR 571.500 and are not certified under other sections of subpart B of the Federal Motor Vehicle Safety Standards (49 CFR part 571), are not excluded from this investigation. LSPTVs that are certified under both 49 CFR 571.500 and other sections of subpart B of the Federal Motor Vehicle Safety Standards remain subject to the scope of this investigation. Subject LSPTVs that have a maximum top nameplate speed of less than 25 miles per hour may be certified to the SAE International (SAE) standards SAE J2258 and SAE J2358. LSPTVs that have a maximum top nameplate speed of less than 20 miles per hour may also be certified to the Outdoor Power Equipment Institute (OPEI) standards OPEI Z130.1 and OPEI Z135.

An unfinished and/or unassembled LSPTV subject to this investigation covers at a minimum a subassembly, also known as a "rolling chassis," which is typically comprised of, but not limited to, a frame or body with front and/or rear suspension components (such as arms, springs, axles, spindles, and shafts) installed and powertrain components (including either an electric motor or a gas-powered internal combustion engine) installed or ready for installation.

When imported together with a rolling chassis subject to this investigation, other LSPTV components, such as batteries, bumpers, wheel and tire assemblies, cowlings, fenders, grills, kick plates, steering column and steering wheel assemblies, dash assembly, seat assemblies, pedal assemblies, brake assemblies, canopy or roof assemblies, temporary rain enclosures, windshields, mirrors, headlights, taillights, lighting systems, or storage – whether assembled or unassembled, whether as part of a kit or not, and whether or not accompanied by additional components – constitute part of an unfinished and/or unassembled LSPTV that is subject to this investigation. The inclusion of other products, components, or assemblies not described here does not remove the product from the scope.

Subject LSPTVs and subassemblies are covered by the scope of this investigation whether or not they are accompanied by other parts. This investigation covers all LSPTVs and subassemblies meeting the physical description of the scope, regardless of overall length, width, or height. Individual components that do not comprise a subject LSPTV or subassembly that are entered and sold by themselves are not subject to the investigation, but components entered with a LSPTV or subassembly, whether finished or unfinished and whether assembled or unassembled, are subject merchandise.

LSPTVs and subassemblies subject to this investigation include those that are produced in the subject country whether assembled with other components in the subject country or in a third country. Processing or completion of finished and unfinished LSPTVs and subassemblies either in the subject country or in a third country does not remove the product from the scope.

Specifically excluded from the scope of this investigation are all-terrain vehicles (which typically have straddle seating and are steered by handlebars), multipurpose off-highway utility vehicles (which typically have a maximum top nameplate speed of greater than 25 miles per hour), and recreational off-highway vehicles (which typically have a maximum top nameplate speed of greater than 30 miles per hour). Also excluded from the scope are go-karts, electric scooters, golf trolleys, and mobility aids (which include power wheelchairs and scooters which are used for the express purpose of enabling mobility for a person). The LSPTVs subject to the investigation are typically classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 8703.10.5030.

LSPTVs subject to the investigation may also enter under HTSUS subheading 8703.90.0100. The LSPTV subassemblies that are subject to the investigation typically enter under HTSUS subheadings 8706.00.1540 and 8707.10.0040. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the merchandise subject to the investigation is dispositive.

GENERAL INSTRUCTIONS

Instructions for Filing the Response

The following instructions apply to all documents you submit to Commerce during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using Commerce's ACCESS website at <http://access.trade.gov> , unless an exception applies. To determine if your response qualifies for manual filing, see the section on "Manual Filing" below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.
2. The **business proprietary** response should be submitted on the day specified on the cover page of this questionnaire. The **public version** of the response may be filed one business day after the proprietary response.
3. An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5:00 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:
 - a. on the first line, indicate the case number stated on the cover page to this questionnaire;
 - b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;
 - c. on the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, *etc.*) and, if applicable, indicate the complete period of review (MM/DD/YY - MM/DD/YY);
 - d. on the fourth line, indicate Commerce office conducting the proceeding;

- e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business proprietary/public status of the document and whether you agree or object to release of the submitted information under **administrative protective order** (APO) by stating one of the following:
 - “Business Proprietary Document -- May Be Released Under APO,”
 - “Business Proprietary Document -- May Not Be Released Under APO,”
 - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
 - “Public Version,” or
 - “Public Document.”
2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, *e.g.*, “response to questionnaire,” “case brief.”
3. Prepare your response in typed form and in English (*see* 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.
4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (*e.g.*, changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and CVD proceedings).

C. Manual Filing

**** On the date of this questionnaire, alternative arrangements for manual filing must be made. If you are unable to file your submission electronically in ACCESS such that alternative arrangements are needed, please contact an official in charge at least 72 hours before the due date. For data files larger than 50 MB, email the ACCESS Help Desk at access@trade.gov so that they may assist you in reducing the size of your file.****

1. All submissions must be filed electronically. Only under the following four circumstances will Commerce accept a hardcopy response that is manually filed:
 - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
 - Data files greater than 50 MB must be filed manually on CD-ROM or DVD.

- If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. Commerce will provide notice of such technical failures on the ACCESS Help Desk line at 202-482-3150 and on the Enforcement and Compliance website, which is <https://www.trade.gov/us-antidumping-and-countervailing-duties>.
 - Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c) of Commerce's regulations and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. Commerce will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.
2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.
 3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.
 4. Manual submissions must be addressed and submitted to:
Secretary of Commerce
Attention: Enforcement and Compliance, AD/CVD Operations Office (*specify office number indicated on the cover page of this questionnaire*)
APO/Dockets Unit, Room 18022
U.S. Department of Commerce
1401 Constitution Ave NW
Washington, DC 20230

D. Certification

1. Submit the required **certification of accuracy**. Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. Commerce cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as appendices to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.

2. Provide the required **certificate of service** (included as an appendix) with each business proprietary document and public version submitted to Commerce.
3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of Commerce's regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.
2. Utilize the "one-day lag rule" under section 351.303(c)(2) of Commerce's regulations if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (section 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (section 351.303(c)(2)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.
3. By the close of business one business day after the date the business proprietary document is filed (refer to the "one-day lag rule" in the preceding paragraph), submit the public version of your response (section 351.303(c)(2)(iii)). A public version must contain:
 - a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
 - b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

***Note:** The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in*

antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.

Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (*e.g.*, legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:
 - a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
 - b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your questionnaire response whether you agree or object to release of the submitted information under APO (*e.g.*, May Be Released Under APO or May Not Be Released Under APO). (*See* section 351.304 of Commerce’s regulations for specific instructions.⁴)

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.⁵
6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the

⁴ If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information (*see* section 351.304(d) of our regulations). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.

⁵ Commerce will not disclose proprietary customer names under APO during an antidumping or countervailing duty investigation until either an order is published or the investigation is suspended. To ensure that proprietary customer names are properly treated in this case, place double brackets (“[[]]”) around all proprietary customer names in your submissions to Commerce during the course of this investigation.

submission--proprietary document and public version, except for that information which you do not agree to release under APO.⁶ (APO service lists, as well as public service lists, are regularly updated and maintained as record documents in ACCESS at <https://access.trade.gov> .) If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version - May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

Note: A chart summarizing AD/CVD document filing requirements can be found at <https://enforcement.trade.gov/filing/index.html>. ACCESS filing instructions are https://access.trade.gov/help/Handbook_on_Electronic_Filing_Procedures.pdf. Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at <http://enforcement.trade.gov/apo/index.html>.

⁶Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until May 19, 2020, unless extended. *See Temporary Rule Modifying AD/CVD Service Requirements Due to COVID-19*, 85 FR 41363 (July 10, 2020).
