Re: Countervailing Duty Investigation of Polypropylene Corrugated Boxes from the People's Republic of China

Dear Sir or Madam:

On April 7, 2025, the U.S. Department of Commerce (Commerce) initiated an investigation to determine whether polypropylene corrugated boxes from the People's Republic of China (China) imported into the United States have benefitted from countervailable subsidies.

Please provide the information requested in Attachment I to this letter regarding the quantity and U.S. dollar sales value of all the company's sales to the United States during **the period of investigation (January 1, 2024, through December 31, 2024)** of the products covered by the scope of the investigation that were produced in China. The scope of the investigation is in Attachment II to this letter. General instructions for responding to the attached quantity and value questionnaire are in Attachment III to this letter. Receipt of this letter does not indicate that the company will be chosen as a mandatory respondent in the investigation because Commerce may find that it is necessary to limit the individual examination of respondents and conduct respondent selection under section 777A(e)(2) of the Tariff Act of 1930, as amended (the Act). The company's response to this quantity and value questionnaire may be subject to on-site verification by Commerce officials.

*Please note that you may be receiving two similar letters: one for a countervailing duty investigation and one for an antidumping duty investigation. These letters request the same information but for different time periods. In addition, they must be filed under different case numbers in Commerce's online filing system. If you receive two letters, you must separately reply to each letter.*

The company's response to this quantity and value questionnaire is due to Commerce **no later than 5:00 p.m. Eastern Time (ET), on April 18, 2025.** Due to time constraints, Commerce will be limited in its ability to extend the deadline for responding to this quantity and value questionnaire. With certain, limited exceptions, all submissions for all proceedings must be filed electronically using Enforcement and Compliance's ACCESS. An electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. ET on the date indicated above. Requests for an extension of the deadline to submit a response must be filed in writing on ACCESS prior to the deadline.

All submissions to Commerce must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other representative, a Certificate of Accuracy from counsel or the representative. Additionally, all submissions to Commerce must be served on the appropriate interested parties. Lists of interested parties are regularly updated and maintained as record documents in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) at <https://access.trade.gov>. Certificates of service and accuracy are in Attachment IV to this letter. As noted above, general instructions for responding to the attached quantity and value questionnaire are in Attachment III to this letter.

If Commerce does not receive either the requested quantity and value information or a written extension request before 5:00 p.m. ET on the established deadline, we may conclude that your company has decided not to cooperate in this proceeding by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act. Commerce will not accept any requested information submitted after the deadline. As required by section 351.302(d) of our regulations, we will reject such submissions as untimely.

**Note well:**

Parties should be aware that the likelihood of Commerce granting an extension of time to respond to the attached quantity and value questionnaire will decrease the closer the extension request is filed to the applicable deadline for responding to the quantity and value questionnaire because Commerce must have time to consider the extension request and decide on its disposition. Parties should not assume that they will receive an extension of a time limit if they have not received a response from Commerce granting an extension. For submissions that are due at 5:00 p.m. ET, **if Commerce is not able to notify the party requesting the extension of the disposition of the request by 5:00 p.m. ET, then the submission would be due by the opening of business (8:30 a.m. ET) on the next business day.<sup>1</sup> If a party requests an extension because of ACCESS/technical filing difficulties to which it did not receive a response from Commerce by 5:00 p.m. ET, and the filing difficulties persist past 8:30 a.m. ET on the next business day, the party should contact the case analyst.**

If a party is experiencing issues with an ACCESS filing, the party should contact the ACCESS Help Desk by telephone to troubleshoot the filing issues (*see* the contact information below). When experiencing filing issues on the day that a submission is due, the filing party should also contact the official(s) in charge and inform them of the filing difficulties. The submission which a party is having difficulties filing on ACCESS should not be emailed to the case analyst or the official in charge.

<sup>1</sup> See 19 CFR 351.103(b).

In the unlikely event that the company receives this quantity and value questionnaire after the deadline to respond to it, the company MUST contact the Commerce official(s) identified in the quantity and value questionnaire within five days of receipt of the questionnaire to receive further instructions and a revised deadline for submission of the required information. Failure to do so may result in Commerce presuming that the company failed to cooperate by not acting to the best of its ability to comply with the request for information, and Commerce applying partial or total facts available pursuant to section 776(a) of the Act, which may include the use of inferences that are adverse to the company's interests in selecting from among the facts otherwise available, in accordance with section 776(b) of the Act.

In general, Commerce has found that determinations concerning whether particular companies are affiliated and should be treated as "cross-owned" (*i.e.*, to attribute subsidies received by other affiliated companies and/or export trading companies), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct a cross-ownership analysis and will not consider cross-ownership at the respondent selection phase of this investigation for purposes of respondent selection; please report volume and value data separately. Quantity and value data pertaining to other, possibly affiliated, companies should be reported separately by those companies.

Should you have any questions about this matter, please contact Rachel Accorsi at [rachel.accorsi@trade.gov](mailto:rachel.accorsi@trade.gov) or Shane Subler at [shane.subler@trade.gov](mailto:shane.subler@trade.gov).

### FORMAT FOR REPORTING QUANTITY AND VALUE OF SALES

In providing the information in the table below, please provide the total quantity in kilograms and total value (in U.S. dollars) of all the company's sales to the United States during the period January 1, 2024, through December 31, 2024, of merchandise covered by the scope of this investigation (*see* Attachment II), that was produced in China.<sup>2</sup>

Please include only sales of merchandise that is covered by the scope of this investigation that was exported by your company directly to the United States. However, if your company made sales of merchandise covered by the scope of this investigation to third countries for which you have knowledge that the merchandise was ultimately destined for the United States, please separately identify these sales quantities and the location (*i.e.*, countries) to which you made the sales.

Even if you believe that the company should be treated as cross-owned along with other exporters, please do not report aggregate data for all the companies that you believe should be treated as an affiliated, cross-owned companies, but separately report the company's quantity and value data below. Quantity and value data pertaining to other, possibly affiliated companies, that you believe should be treated together with your company as a cross-owned company should be separately reported by those companies. In other words, for every company that you are reporting exports for, please submit a separate chart with the individual quantity and value information.

---

<sup>2</sup> Please use the invoice date when determining which sales to include within the period noted above. Generally, Commerce uses invoice date as the date of sale, as that is when the essential terms of sale are set. If you believe that another date besides the invoice date would provide a more accurate representation of your company's sales during the designated period, please report sales based on that date and provide a full explanation.

<sup>3</sup> To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

<sup>4</sup> Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.

### Scope of the Investigation

The merchandise covered by this investigation is polypropylene corrugated boxes. Polypropylene corrugated boxes are boxes, bins, totes, or other load-bearing containers made for holding goods, that are made of corrugated polypropylene sheets, also known as polypropylene hollow core sheets, polypropylene fluted sheets, polypropylene twin wall sheets, or multi wall sheets. Such polypropylene sheets are “corrugated,” “fluted,” or “hollow core,” meaning the inside of the sheet contains channels or pockets of air which make the sheets lightweight, while retaining strength and durability. Polypropylene corrugated boxes are typically produced from a plastic resin consisting of 50 percent or more polypropylene. Polypropylene corrugated boxes are covered by the scope irrespective of the particular mix of polypropylene homo-polymer, polypropylene co-polymer, recycled or virgin polypropylene, or ancillary chemicals such as electrostatic agents or flame retardants. Polypropylene corrugated boxes are formed by corrugated polypropylene sheets cut to length, die-cut into specific box shapes, and may be cut or scored to allow each side of the box to be folded into shape. Polypropylene corrugated boxes may include a tab or attached portion of polypropylene corrugated sheet (commonly referred to as a “manufacturer’s joint”) that has been cut, slotted, or scored to facilitate the formation of the box by stapling, gluing, welding, or taping the sides together to form a tight seal. One-piece polypropylene corrugated boxes are die-cut or otherwise formed so that the top, bottom, and sides form a single, contiguous unit. Two-piece polypropylene corrugated boxes are those with a folded bottom and a folded top as separate pieces. Multi-piece polypropylene corrugated boxes are those with separate bottoms and tops that are fitted to a single folded piece comprising the sides of the box. Polypropylene corrugated boxes may be printed with ink or digital designs.

The subject merchandise includes polypropylene corrugated boxes with or without handles, with or without lids or tops, with or without reinforcing wire, whether in a one-piece, two-piece, or multi-piece configuration, and whether folded into shape or in an unfolded form. The subject merchandise includes all polypropylene corrugated boxes regardless of size, shape, or dimension. The subject merchandise also includes polypropylene corrugated box lids or tops when imported separately from polypropylene corrugated boxes.

The products subject to this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 3923.10.9000. Although the HTSUS statistical reporting number is provided for convenience and customs purposes, the written description of the merchandise is dispositive.

**ATTACHMENT III**  
**GENERAL INSTRUCTIONS**

Instructions for Filing the Response

The following instructions apply to all documents you submit to Commerce during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using Commerce's ACCESS website at <https://access.trade.gov> , unless an exception applies. To determine if your response qualifies for manual filing, see the section on "Manual Filing" below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.
2. The **business proprietary** response should be submitted on the day specified on the cover page of this questionnaire. The **public version** of the response may be filed one business day after the proprietary response.
3. An electronically filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5:00 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:
  - a. on the first line, indicate the case number stated on the cover page to this questionnaire;
  - b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;
  - c. on the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, *etc.*) and, if applicable, indicate the complete period of review (MM/DD/YY - MM/DD/YY);
  - d. on the fourth line, indicate Commerce office conducting the proceeding;

- e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business proprietary/public status of the document and whether you agree or object to release of the submitted information under **administrative protective order** (APO) by stating one of the following:
  - “Business Proprietary Document -- May Be Released Under APO,”
  - “Business Proprietary Document -- May Not Be Released Under APO,”
  - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
  - “Public Version,” or
  - “Public Document.”
2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, *e.g.*, “response to questionnaire,” “case brief.”
3. Prepare your response in typed form and in English (*see* 19 CFR 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.
4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (*e.g.*, changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and countervailing duty proceedings).

C. Manual Filing

1. All submissions must be filed electronically. Only under the following four circumstances will Commerce accept a hardcopy response that is manually filed:
  - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
  - Data files greater than 50 MB may be filed in an alternative manner after consulting:  
[https://access.trade.gov/help/Super\\_Bulky\\_Document\\_Submissions.pdf](https://access.trade.gov/help/Super_Bulky_Document_Submissions.pdf) and contacting the ACCESS Help Desk at 202-482-3150.
  - If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets

Unit. Commerce will provide notice of such technical failures on the ACCESS Help Desk line at 202-482-3150 and on the Enforcement and Compliance website, which is <https://www.trade.gov/us-antidumping-and-countervailing-duties>.

- Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in 19 CFR 351.103(c) of Commerce's regulations, and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. Commerce will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.
2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.
  3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.
  4. Manual submissions must be addressed and submitted to:

**Secretary of Commerce**  
**Attention: Enforcement and Compliance, AD/CVD Operations Office IV**  
**APO/Dockets Unit, Room 18022**  
**U.S. Department of Commerce**  
**Fourteenth Street and Constitution Avenue, N.W.**  
**Washington, D.C. 20230**

D. Certification

1. Submit the required **certification of accuracy**. Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission, and that the information submitted is accurate and complete. Commerce cannot accept questionnaire responses that do not contain the certification statements. Forms for such certification are included as appendices to this questionnaire. You may photocopy this form and submit a completed copy with each of your submissions.
2. Provide the required **certificate of service** (included as an appendix) with each business proprietary document and public version submitted to Commerce.

3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to 19 CFR 51.304, 351.305, and 351.306. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.
2. Utilize the “one-day lag rule” under 19 CFR 351.303(c)(2) if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (19 CFR 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (19 CFR 351.303(c)(2)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.
3. By the close of business one business day after the date the business proprietary document is filed (refer to the “one-day lag rule” in the preceding paragraph), submit the public version of your response (19 CFR 351.303(c)(2)(iii)). A public version must contain:
  - a. a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
  - b. an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

**Note:** *The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a*

*particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.*

*Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.*

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure to representatives of parties (*e.g.*, legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:
  - a. a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
  - b. a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper righthand corner of the cover letter accompanying- your questionnaire response whether you agree or object to release of the submitted information under APO (*e.g.*, May Be Released Under APO or May Not Be Released Under APO). (*See* 19 CFR 351.304 for specific instructions.<sup>5</sup>)

5. Place brackets (“[ ]”) around information for which you request business proprietary treatment. Place double brackets (“[[ ]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.<sup>6</sup>
6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public

---

<sup>5</sup> If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information (*see* section 351.304(d) of our regulations). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.

<sup>6</sup> Commerce will not disclose proprietary customer names under APO during an antidumping or countervailing duty investigation until either an order is published, or the investigation is suspended. To ensure that proprietary customer names are properly treated in this case, place double brackets (“[[ ]]”) around all proprietary customer names in your submissions to Commerce during the course of this investigation.

service lists, are regularly updated and maintained as record documents in ACCESS at <https://access.trade.gov> .) If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version - May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

7. A table summarizing AD/CVD document filing requirements can be found at <https://access.trade.gov/Resources/filing/index.html> . ACCESS filing instructions are [https://access.trade.gov/help/Handbook\\_on\\_Electronic\\_Filing\\_Procedures.pdf](https://access.trade.gov/help/Handbook_on_Electronic_Filing_Procedures.pdf). Detailed and supplemental information concerning APOs, including the APO Handbook, a complete set of APO regulations, and APO application forms and service lists, can be found at [https://access.trade.gov/Resources/Administrative\\_Protective\\_Order.aspx](https://access.trade.gov/Resources/Administrative_Protective_Order.aspx) .
